People Who Met God

*The nature overcomes a cold winter
and sends applauses to us,
Saying, "It's not difficult. You can do!"
She encourages us
with her light and fragrance.*

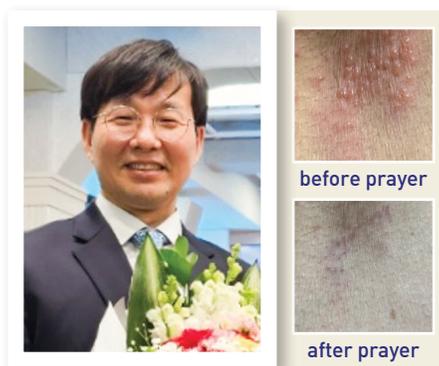

"I was healed of severe shingles!"

Brother Dooyoung Cho | 55, Bang-yi Dong, Songpa Gu, Seoul, Korea

In early December, 2024, I created itchiness on my right armpit and on the right side of my back. I thought it was a kind of skin disease, but it was not long before I developed blisters and felt severe pain as of pricking with a needle. The pain abruptly increased just by touching of my clothes and I had a great difficulty in my daily life.

I went to the hospital and was diagnosed with shingles. The doctor said, "It would be even better for you to come a little earlier before it worsened," and prescribed my medications. He said he would change my medication according to my condition.

I took the medicine the next day but my pain still lasted, so that I stopped it. And in prayers I looked back on my past days, and I discovered my wrongdoings in words and deeds and

defects in performing my God-given duties. I repented of them.

Ahead of developing shingles, I had felt burdened not a little in performing my missions because of my fleshly thoughts. In last October, I talked with a guidance pastor feeling burdened about my duties. But while repenting, I came to a strong realization that I should perform my missions not by my own strength and ability but

by the power of Father God and He Himself accomplishes His kingdom, and since then my heart was filled with joy and peace.

I was full of the Spirit as of the restoration of my first love for the Lord. I sprayed Muan sweet water on my diseased parts once a day. In the Sunday morning services and at Daniel prayer meetings, I received Senior Pastor Soojin Lee's prayer for the sick with faith. To my surprise, there came to be no more pain though it had lasted 3 or 4 weeks. I was completely healed. Hallelujah!

Now I no longer feel burden at my missions but commit them into the hands of God, so I've been given many more missions. God has enhanced my faith through the healing of shingles and I experienced His great love. I press on toward the goal to repay His grace.

“I was healed of patella fracture at the risk of surgery!”

Sister Changsoon Won | 70, Dogaan Dong, Geumcheon Gu, Seoul, Korea

On October, 13 of 2024, I was on a pedestrian crossing and as the traffic light was changing to red, I hurried to run and missed my step. After slipping down, I ached severely in my left knee and had a difficulty walking properly. I narrowly came back home with the aid of those around me.

In the morning of next day, I called my great parish pastor Geumran Hwang and she prayed for me over the phone. After that my pain was relieved and I went to the hospital for the examination. Through the X-ray result, the doctor said to me, “You have the left patella fracture, and need a surgery.” But I didn’t receive surgery and returned home wearing a cast.

I thought over why this happened to me and looked back on my past days. And I repented of my hot-temper, ill-feelings, envy, judgment, condemnation, and of not praying fervently.

Afterwards whenever I attended Sunday morning services, I received Senior Pastor Soojin Lee’s prayer for the sick. On October 29, Chinese Parishes 2 & 3 held a special prayer meeting for the fullness of the Spirit and I took a taxi with the help of my husband and my district leader to attend it.

Speaker Pastor Miyoung Lee prayed for me and the fire of the Spirit came upon me. I felt like my head, waist, and legs became hot and refreshed.

X-ray result

Before prayer: patella fracture with articular surface

After prayer: synostosis complete

One the way back home after the meeting, there was no pain and I could step down on the ground with my left foot.

I wanted to be healed completely and examined my life reading a religious book “The Message of the Cross.” I repented of my detailed wrongdoings such as not performing my missions sincerely.

On November 1, I attended a Friday night service happily and then dreamed of Senior Pastor Soojin Lee. In my dream, she said to me, “Rise up and walk!” I woke up and became assured of my healing. Later I took off a cast and tried moving my leg. I was able to walk well without a cane I had leaned on. Hallelujah!

In addition, I had felt a lump, the size of a cherry tomato, in the left neck from two years ago and in the morning one day I found it had also disappeared.

I wanted to make it sure medically, and went to the hospital for the medical examination on November 14. The doctor said, “A patient with patella fracture cannot move their legs even after one month. It’s a miracle that you are able to move your leg just in three weeks even without surgery.” And he added, “Your fracture is completely restored, too!” Hallelujah!

I give all my thanks and glory to Father God who healed me of patella fracture at the risk of surgery.

Divine Healing Meeting

A special opportunity for your health and happiness!

Overflowing healing works and answers
by the fiery work of the Holy Spirit!

Come and see new miracle and new life!

At 11:00 PM on Friday, March 28, 2025

At Manmin Central Church

By Senior Pastor Soojin Lee

It is broadcast live on GCN TV! (www.gcnetv.org)

Why was Jesus, the Son of God, crowned with thorns?

When He came down to this earth to save mankind from sins, Jesus had to wear the crown of thorns. Why did He do so?

1. The reason that Jesus had the thorny crown on the head and bled

The reason that Jesus had to wear a thorny crown and shed His blameless blood is to redeem us from the sins that we have committed in our thoughts.

We have a memory system in our brain that stores knowledge. What we have learned since birth is saved into the memory system along with our emotion, which is called 'knowledge.' Each one has different background and learning, and with the same teaching, they have different values and criterion of judging between good and evil according to how they have acquired them.

When the knowledge stored in the brain is brought back to remembrance, it is called 'thought.' Since they have different knowledge, at that same sight, some consider it as good but others evil. Satan controls the mind of sinful man, and their thoughts are largely against the truth.

Therefore, we should diligently listen to the Word, make it our spiritual bread, and practice it saying "Yes" and "Amen" to be transformed by the renewing of the mind.

2. How to throw away fleshly thoughts and to have spiritual thoughts

While listening to God's words, you may say "Amen" to what aligns with your thoughts and believe it. But you

"The soldiers took Him away into the palace (that is, the Praetorium), and they called together the whole Roman cohort. They dressed Him up in purple, and after twisting a crown of thorns, they put it on Him." (Mark 15:16-17)

may not believe what doesn't align with your knowledge and experience. You may get involved in the ideas that are against God's will, which are called 'fleshly thoughts' (Romans 8:7).

We should demolish the fleshly thoughts that hinder us from believing God's words and from obeying His will. We have to destroy speculations and every lofty thing raised up against the knowledge of God, and to take every thought captive to the obedience of Christ (2 Corinthians 10:5).

What should we do to get rid of such sin we have in our mind? We should purify our heart. Those evils in our heart will bring many fleshly thoughts.

The lust of the flesh causes us to seek the things of the world and the greater lust of the flesh triggers us to commit the works of the flesh (Galatians 5:19-21). The lust of the eyes provokes our mind through what we see and hear and causes us to seek carnal things. Because of this lust of the eyes, many people seek secular and lustful things of the world.

The boastful pride of life is the attribute seeking the worldly pleasures

and showing off oneself. Because of this boastful pride of life, we want to be exalted and praised, and to gain greater honor and power. We cannot fundamentally sanctify our heart until we get rid of the lust of the flesh, the lust of the eyes, and the boastful pride of life. Only then, can we have spiritual thoughts that are pleasing to God.

3. God prepares a beautiful crown in heaven for us

When Jesus wore the thorny crown and bled, it opened the door that we can be forgiven of the sins we have in the thoughts and have a beautiful crown in heaven in the future.

In heaven there are different crowns according to what kind of life we have led on earth. An imperishable crown is given to those who accepted the Lord and struggled to throw away sins (1 Corinthians 9:25), the crown of glory is given to those who have thrown away sins and lived by the words of God and glorified Him (1 Peter 5), and the crown of life is awarded to those who have accomplished sanctification by getting rid of every form of evil and been faithful until death in love for God (James 1:12; Revelation 2:10).

And the crown of righteousness and the crown of gold are given to those who have been wholly sanctified and performed all their duties with the God-pleasing faith (2 Timothy 4:8; Revelation 4:4). Our loving God will reward us with different crowns according to our sanctification and loyalty.
